

Workshop on Mental Health System Development for the Severe Mental Illness in Asian Countries

Themes

- Learn lessons from the US experience of deinstitutionalization, both positive and negative. How did “the recovery model” work?
- Exchange experiences of mental health care systems in Asian-Pacific countries.
- Get insight into the strength and weakness of mental health care systems in Asian-Pacific countries; how could we move to a better practice?
- Tours of system reforms at several psychiatric institutions in Taiwan.

Date: Nov 3rd-12th, 2009

Venue: Taipei, Taiwan

Notes on locations and transportation:

Taipei Medical University is the major venue for these activities. Songde Taipei City Hospital and the Taipei International Convention Center are close by Taipei Medical University, about one kilometer distance. Bali Psychiatric Hospital is in Taipei County about one hour's drive north of Taipei City. Transportation to these locations will be provided for the group. Yuli Veterans Hospital is located on the east coast of Taiwan, midway in the valley between Hualien and Taitung. It can be accessed by either 4-hour local train from Taipei to Yuli station, or by express train (2 hours) or plane (45 minutes) from Taipei to Hualien, then one hour's drive from Hualien to Yuli. The train provides a beautiful view of the east coast scenery. Transportation will be arranged for the group.
